## INTERSHIPS

---

### SALESFORCE.COM

San Francisco, California

#### *Intern, Software Engineering - Internal Capacity Engineering*

August 2016 – December 2016

- Designed and implemented a python marketplace framework for an automation testing platform based on Amazon Web Services to empower users to create solutions on top of the platform and to share those on a common platform
- Wrote Python clients to interface with our APIs, AWS, and Splunk servers
- Learned importance of design and gained technical skills about cloud computing and distributed systems

## PROJECTS

---

### ClimbTogether

Personal Project

#### *Climbing Partner Finder*

Current

- Designing & building cross-platform app to match rock climbers looking for partners to climb with
- Intend to deploy app into app store because it will be very useful in the climbing community

### PINDER

Barcelona, Spain

#### *App to increase accessibility to public spaces*

July 2016

- Integrated Google Maps API and SQLite database into Android app

### MOVIESAURUS

Atlanta, Georgia

#### *Android Movie Recommender Application*

April 2016

- Designed app on high level (i.e. UML / sequence diagrams, etc.) and led weekly SCRUM meetings
- Drove decision-making and helped developers with code

## LEADERSHIP

---

### STONE SUMMIT CLIMBING & FITNESS CENTER

Atlanta, Georgia

#### *Prominent Leader*

August 2010 – Present

- Role model in climbing community due to unceasing dedication to the sport & perpetual presence in gym
- Coached multiple teams for 4 years & inspired kids new to the sport as camp counselor during summers

### GEORGIA INSTITUTE OF TECHNOLOGY, DEPARTMENT OF HOUSING

Atlanta, Georgia

#### *Peer Leader / Hall Council President*

August 2014 – May 2016

- Fostered inclusive community with positive learning environment for 250+ residents as Peer Leader (RA)
- Led weekly hall council meetings & increased resident involvement on campus on \$6,000 budget
